Ruger Ruger Precision Bolt Action .300 Win Mag Rifles

£ 2,650

Description

Ruger precision mk2 Bolt Action .300 win mag StockFolding, Adjustable Length of Pull and Comb Height
FinishType III Black Hard-Coat Anodized Barrel Length26" BarrelCold Hammer-Forged, 5R Rifling Thread
Pattern5/8"-24 Twist1:9" RH Grooves5 Weight15.2 lb. Capacity5 Height7.50" Overall Length49"-52.50" Length of
Pull12.70" - 16.20" Folded Length40.35" Width3.50" Suggested Retail\$2099.00 In-line recoil path manages recoil
directly from the rear of the receiver to the buttstock, not through a traditional bedding system, providing
maximum accuracy potential. Cold hammer-forged, chrome-moly steel barrel with 5R Rifling at minimum bore
and groove dimensions, minimum headspace and centralized chamber. Ruger Marksman Adjustable™ trigger is
externally adjustable, with a trigger pull range of 2.25 to 5 pounds; wrench is stored in the bolt shroud. Ruger
Precision® MSR stock features a bottom Picatinny rail and soft rubber buttpad. The left-folding stock hinge
accepts any AR-style stock. Length of pull and comb height are adjustable. Heavy-contour (.875" at the muzzle)
barrel features a Ruger Precision® Rifle Magnum Muzzle Brake with tunable compensator to effectively reduce
recoil and muzzle jump. 18" aluminum free-float handguard is black hard-coat anodized aluminum and features
Magpul® M-LOK® slots on all four sides for improved scope clearance for long-range scopes and easy mounting
of M-LOK-compatible rails and accessories. Ambidextrous manual safety for left- or right-handed lever
manipulation. 30 MOA Picatinny rail secured with # 8-40 screws for increased long-range elevation capabilities.
"Upper" receiver and one-piece bolt are precision CNC-machined from pre-hardened 4140 chrome-moly steel to
minimize distortion. Three-lug bolt with 70° throw features dual cocking cams and a smooth-running, full diameter
bolt body. Bolt body is nitrided for corrosion resistance, smooth operation and durability. Barrel can be replaced
easily by a competent gunsmith using headspace gauges. Magazine well front is contoured for a positive grip
when bracing against shooting supports. Oversized bolt handle for positive bolt manipulation, with a 5/16"-24
thread pattern for easy replacement. Bolt disassembly tool is stored in the Ruger Precision® Rifle Billet
Aluminum Bolt Shroud for easy striker channel cleaning. "Lower" magazine well halves are precision machined
from aerospace-grade 7075-T6 aluminum and are Type III hard-coat anodized for maximum durability. Extended
trigger-reach AR-style grip and 45° ambidextrous safety selector. May be configured with any AR-style grip and
selector. Handguard includes integral QD sling attachment points to eliminate the need for additional adaptors, a
target-style flat bottom that improves stability and an integral bottom 1.50" dovetail that is compatible with RRS
S.O.A.R. and similar QD systems. Also includes: two, 5-round AI-Style magazines.

Condition: New

Sale type: Trade

Make: Ruger

Model: Ruger Precision

Manufactured Year: 2019

Calibre: .300 Win Mag

Certificate: Firearm - Section 1

Orientation: Right Handed

Your reference: 18081

Gun Status: Activated

Recommended Usage: Various
