Bergara Bergara B-14 Bolt Action .308 Rifles

£ 777

Description

Bergara B-14 The Bergara Bolt action rifle will surprise you with its silky smooth action and its excellent trigger. You will like it when you see it, but you will love it when you take it. BERGARA B14 is designed and built for the most demanding hunters and leisure shooters. Our B14 action is accurate, reliable and probably the smoothest bolt action on the market in its segment. It features a two-lug bolt with a 90° opening angle and the dimensions allow easy customization with all kinds of accessories (rails, mounts, triggers, stocks...) available on the market. This superb action in combination with a free floating BERGARA barrel guarantees excellent accuracy. We present the B14 with floorplate or a detachable box magazine (DBM). The floorplate capacity is 3+1 for magnum calibers and 4 +1 for the rest. The very crisp trigger is easily adjustable to the users' ideal pull weight making it an important additional security and accuracy element. (The rifle leaves our factory with a 1,4kg trigger pull weight). We created our stocks for optimum comfort in all shooting positions. The SPORTER stock is made from polypropylene and fiberglass and comes with our Crush Zone® recoil pad for minimum impact. Open sights are optional. Calibres - .243 Win, .270 Win, .308 Win, .30-06 Spr, .300 WSM, 7mm Rem Mag (Note: .270 Win, .30-06 Spr & 7mm Rem Mag are NOT available Threaded)
