## Description

REMINGTON 783 24" SYNTHETIC VARMINT IT'S NOT DRESSED TO IMPRESS, IT'S DRESSED FOR WORK. The Model 783 Varmint features a picatinny rail, SuperCell® Recoil Pad, oversized bolt knob, and a flat dark earth synthetic stock that contains a high nylon fiber content, which promotes superior strength and rigidity. Also helping deliver those inherently tight groups is a precision button-rifled 24" barrel. For shot control, it's equipped with the crisp new CrossFire™ trigger system that's user adjustable to suit your preferences. The Model 783 features a steel detachable magazine with a steel latch, and as with all Remington bolt actions, you can expect a lifetime of rock-solid reliability. Available now in .223 REM, 6.5 Creed and .308 WIN.
