## Walther Century Varmint .177 Air Rifles

£ 358

MADE IN GERMANY

### Description

A reliable companion, featuring state-of-the-art technology and an indestructible Varmint synthetic thumbhole stock: the Walther Century Varmint. You have a choice of two calibres (4.5mm .177 / 5.5mm .22) at the 16J energy level. This versatile rifle is robust, durable and reliable. the break-barrel mechanism, with a positive and non-positive wedge lock and release lever, always returns exactly to its position. The cocking rod moves smoothly and almost soundlessly in its synthetic guide rails. The XT Trigger, with an adjustable first stage travel, releases shots right at your finger's command. The Varmint comes without an open sight and is designed for use with a scope (available at extra cost). Caliber 4,5 mm (.177) or 5,5mm (.22) Pellet Energy 16 Joule Trigger XT-trigger: adjustable trigger travel Length 1100 mm Weight 3607 g
