Arisaka type 99 Bolt Action 7.7 mm Rifles

£ 1,100

Description

Here we have an Arisaka Type 99 in 7.7 Jap made in the kokura arsenal 23 series - this one has been sportarised but only the Stock which can be replaced quite easily. The bore is mint, the Mom has been ground off by the japs after the war but this is to be expected, the rifle is very light and handy and will make a good fun target gun or stalking rifle if you want something a bit different or you can restore it back to its original state - she has the air craft sights as well which are quite rare ... she is in 7.7 Jap
