Krag Jorgensen Rifles krag Bolt Action 6.5x55 Rifles

£ 1,050

Description

Here we have a Krag rifle in 6.5x55 dated 1919, she is in nice condition with a really cool patina to her, she has the original mounting block for the peep sight still in place but the sight itself is missing only the standard sights remain - she has a very good bore for her age (see pic) and a pretty clean rifle over all - one for the collectors ? The bolt is not matching im afraid but this is to be expected from an old rifle where bolts were interchanged during service
