### Description

German Mauser K98 8mm Here we have a true beauty of a German K98 8mm (7.92x58) rifle made in the BYF or Orbnord factory in Germany in 1943 at the height of the war. She is all matching with a beautiful laminate stock - she retains her sight hood and cleaning rod and Swastika symbol. The bore is like a mirror with no signs of wear and looks as new. She will make a very good target rifle or collectors gun - a rare find now ( i will include a K98 sling not shown)
