Remington vtr Bolt Action .223 Rifles

£ 1,150

Description

Remington 700 VTR Stainless £ 1230 - 223, 308 Blued £1150 - 308 both come with bipods (scope not inc)
TACTICAL PRECISION MEETS VARMINTS HEAD ON. A fusion of our most advanced performance features in both tactical and varmint rifles, the Model 700™ Varmint-Target Rifle (VTR™) is a revolutionary system optimized for extended-range precision and mobility. Features include tactical bolt handle, picatinny rail and bipod. Its triangular barrel contour is a product of years of rigorous research and development focused on reducing weight, enhancing rigidity and promoting rapid cooling. To decrease recoil and muzzle jump, this uniquely contoured 22" barrel has an integral muzzle brake that's machined-in during production. Along with the new barrel design, we brought together a host of other cutting-edge features on our super-accurate Model 700 platform. The results are nothing short of astounding. Available in FDE stock with carbon steel bbl and black overmold grips, or black stock with stainless steel bbl and gray overmold grips. Tactical-style 1 in 9" twist (223 caliber) Target/Match 1 in 12" twist (308 Win.) 22" Stainless barrel with integrated muzzle brake design and triangular barrel contour to enhance accuracy X-Mark Pro® externally adjustable trigger
